Music

I cover songs by numerous artists spanning several decades of the 20th century. I have several different shows and carefully select the songs I perform in order to ensure they are immediately recognizable songs that span the lifetime of my audiences. I receive many wonderful comments regarding my song selections, song information, and high-quality accompaniment music.

Sample Artists (this is only a partial list)

Frank Sinatra	Johnny Mathis	Tony Bennett	Wayne Newton	Paul Anka
Engelbert Humperdinck	Dean Martin	Elvis Presley	Perry Como	Nat King Cole
Andy Williams	Tom Jones	Stevie Wonder	Ray Price	The Beatles

Performance

My typical show is one (1) hour and consists of 14-16 songs. In between songs, I share information with the audience regarding the song, the artist, the composer, etc. I track and rotate my shows for every client so the music is fresh and new when I return for subsequent engagements. My clients enjoy my performances very much as evidenced by the comments I receive from my audiences such as, “you have a beautiful voice”, “you are better than the original singers”, “your song selections bring back many wonderful memories”, “you are the best entertainer we have ever had” and “you are our favorite entertainer”.
